I, _____, (herein referred to as the buyer) understand that my $600 deposit is nonrefundable. Please circle the gender that you are reserving: male   or   female

The remaining balance for the puppy purchase of $1300 (up to 12 weeks of age price) is due when your puppy turns two weeks of age. The buyer understands if this balance is not paid by two weeks of age then deposit and puppy are forfeited.

PRL Vimeo On Demand series is required to be purchased as part of every PRL puppy sale. The current annual membership is $399. This purchase will be made by buyer at the time their PRL puppy is 4 weeks of age. Proof of purchase is required by signing up for updates through Vimeo once the buyer has become a member with PRL on Vimeo.

PRL strongly recommends that puppies are picked up on-site or other driving arrangements made perhaps with other littermate buyers. If the puppy needs to be shipped by air and not picked up at PRL then the total shipping expenses of $700 will be due when the puppy turns five weeks of age. Prior to sending in your deposit and this contract please discuss general pick up arrangements with PRL by phone.
